**ALEXANDRIA INSURANCE COMPANY**—A called meeting of the stockholders of the "Alexandria Insurance Company" was held this morning at the Corn Exchange Rooms, there being a large attendance of the business men of the city.

On motion of Col. M. Mayo Capt. M. Eldridge was called to the Chair, and K. Kemper was appointed Secretary.

The Commissioners, through their Chairman, Gen. M. D. Corse, reported that 1,213 shares of the capital stock had been subscribed and paid in and the company was ready to organize under its charter.

On motion the following committee of nine was appointed to nominate a Board of Directors for the company:—Messrs. B. Wheat, C. F. Suttle, S. F. Beach, E. S. Leadbeater, C. P. Shaw, Geo. E. French, M. Mayo, Arthur Herbert and G. V. Worthington.

The committee after consultation reported a ticket for Directors.

Before voting upon the report the Chairman stated that it would be necessary to ascertain whether a majority of the whole number of shares was represented, and upon a count being had, it was found that 868 shares were represented.

Mr. George Y. Worthington then stated that he had been requested to act as Chairman and make the committee's report, for a reason which would be apparent as he proceeded. He said that the committee had desired, like a certain other celebrated nominating committee in the late political history of Alexandria, to nominate themselves as Directors; but that, as there were only seven of the latter and nine of themselves, they had split on the matter and only got two of their number in. (There was much merriment caused by Mr. Worthington's remarks, and it was suggested that if the committee had only nominated a Secretary and Treasurer they could have got themselves all in.)

Mr. Worthington then reported the following ticket for Directors, which was unanimously elected by ballot:

E. S. Leadbeater, M. D. Corse, Geo. H. Robinson, John B. Smoot, Benoni Wheat, F. A. Reid, Wm. Cogan.

On motion of Mr. Lewis McKenzie the meeting then adjourned sine die.

**THE FEGAN DISTILLERY CASE**—The case of John T. Reddy and others, committed some time since to the Richmond city jail, by order of the U. S. District Court, for a contempt, in refusing to answer questions propounded to them by the grand jury, was again brought before that Court in Richmond, yesterday. No argument was had upon the question involved in the case, but a more complete record was made up by arrangement between the Attorney for the United States and the Attorney for the defendant, Mr. S. F. Beach, of this city, as the basis for a future discussion and decision of the question, to be had on the return to a writ of *habeas corpus* for which an application will be immediately made. The argument and final decision of the case will take place on the 1st day of May, at the opening of the next session of the United States Circuit Court in Richmond. Meanwhile arrangement will be made for admitting the parties to bail. The questions presented by the case are said to be both interesting and important.

**BRIEFS**—W. F. Brookes, grocer, has removed to No. 147 King street.

F. Recker is delivering Boston Ice to all parts of the city.

**ALEXANDRIA**—Our recent trip to this ancient city—"no less renowned in peace than in war"—was of a peculiarly gratifying character. The weather was delightful, our many friends cheerful and happy, and business brisk and active. On the day we arrived (Wednesday, 5th,) the display of shipping in her harbor was grand. Never have we seen, since the so-called settlement of the "little difficulty" we lately had, so much of life in the shipping department of that noble old city. We could but exclaim to a friend, while viewing the grand panorama—

"There's life in the old land yet!"

Stores are being refitted and ware-rooms renovated for the reception of the large consignments now on the way from the manufacturers. We also noticed several large stores in course of construction in the various business portions of the city.

The Alexandria merchants are anxious to have the Valley trade, and we speak from authority when we say—that we talked with several of the most prominent business men in the city—that every article which is offered for sale in any village or country store in the State can be bought in Alexandria at the same rates that are now paid in Northern cities, and the difference would be, besides being the means of building up our "time honored" city—and by building up our city we build up our State—a saving in freight.

Alexandria is a superior grain market. We have repeatedly instance cases where farmers have taken their produce to that city, and, after having been offered a fair price, have shipped their stuff further North, in order, as they supposed, to get more, and have received less in cash, besides the loss of extra freight. These are indisputable facts.

We therefore say to our friends throughout the Valley—merchants and farmers—if you wish to save money, and also keep it in circulation at home, buy your goods at home and sell your grain at home. Don't go out of the State to sell your produce for less than it will bring in the State.—*Warren County Sentinel*.

**CORPORATION COURT**—YESTERDAY'S PROCEEDINGS CONCLUDED.—The account of the jailor of the city amounting to \$184.50 was allowed.

Com. vs. Margaret Riley, indicted for letting a house for improper purposes; jury and verdict not guilty, and accused discharged.

W. H. Thompson vs. Southern Atlantic Telegraph Co.; continued.

The estate of Turner Dixon, deceased, was committed to the Sergeant of the city as administrator.

Turner vs. Adam; case; jury and verdict for plaintiff.

J. J. Barrell vs. W. H. Marbury administrator of G. D. Fowle, deceased; judgment for plaintiff.

Geo. Stumagle took out letters of naturalization as a citizen of the United States.

An account of T. A. Stoutenburgh, coroner, for \$25 was allowed.

Appraisers of the estate of Jas. C. Watkins were appointed.

Accounts of Samuel Beach, J. J. Ward and R. C. Powell amounting in the aggregate to \$13 were allowed.

To-day, Smoot's executors vs. Steel's administrators; report of commissioners of sale filed.

Mrs. Katie G. Johnston was appointed administratrix of her late husband C. F. M. Johnston and guardian of her child.

**FAIRFAX ITEMS**—Fire.—The old Dulany mansion, near Falls Church, which was purchased, rebuilt and handsomely furnished last year, by Mr. W. D. Shepherd of Washington, was totally destroyed by fire early this morning. The fire is supposed to have been the work of an incendiary.

**Stage Line**—A daily stage is now running from Falls Church and the Treasury building in Washington for the accommodation of clerks living in the county and the public generally, and is a great convenience. Mr. Ira Bowman is proprietor of the line.

**I. O. G. T.**—The anniversary of the introduction of the Order of Good Templars in the State of Virginia, will be celebrated next week by Pioneer Lodge No. 1.

**PROPERTY SALES**—Messrs. Beck, Knox and Kirby sold at noon to-day, at public auction, the brick livery Stable and lot on the east side of Washington street, near King, at present occupied by Mr. Legg, to John Lannon, for \$2,800.

Messrs. Green and Wise sold the three lots and brick dwelling, on Jefferson street, east of Fairfax, advertised by W. A. Harper, to Jaffray & Co., of New York, for \$1000.

In connection with these and other recent sales of property in this place it may be noticed that there has been an advance, within the last six months, of nearly twenty five per cent upon real estate—a good sign of the prosperity of our city.

**DECISION REVERSED**—In the case of the colored man (known hereabouts as "Chief Justice John Marshall") vs. the Commonwealth, the Court of Appeals, sitting at Richmond, have reversed the judgment of the Corporation Court of this city, and directed the discharge of the prisoner, which was done this morning by order of Judge Lowe. The "Chief" was imprisoned for assaulting a white man at the depot of the O. A. M. R. R. some time since. Messrs. L. B. Taylor and C. E. Stuart were counsel for "Chief." For the prosecution D. L. Smoot and the Attorney General of the State.

**THE MARKET**, this morning, was well supplied. No change to make in the prices of meats or vegetables. Early vegetables are becoming more abundant. Asparagus 20a25 cts. per bunch. Radishes, lettuce, onions, spinach, sprouts, &c., are plentiful. Butter 50 cts. per lb. for fresh. Eggs 20 cts. per dozen. Abundance of fish—fine shad 40a50 cts. per pair.

**ENTERTAINMENT**—Morton's Exhibition and "Silver Show" takes place at Liberty Hall to-night. The colored men dressed in the costume of the "heavenly Chinese" with large placards of the Exhibition, parading the streets this morning, attracted considerable attention. The entertainment is well spoken of by the Washington papers.

**OLD DOMINION LIGHT HORSE CAVALRY**. There was a meeting of this company, yesterday evening, at Catts' Tavern, West End, when the constitution and by-laws were adopted, and organization completed thoroughly. Several additional active members were elected and the company now numbers the full complement required by law. Drilling will commence actively, at once, and as soon as uniformed and properly equipped the company will be as fine a one as can be mustered in the State or elsewhere.

**CONFIRMATION**—The rite of confirmation is to be administered to-morrow in the Episcopal churches in this place, by Rt. Rev. Bishop Johns; at Christ church in the morning, at St. Paul's in the evening, and at Grace church at night.

## FROM WASHINGTON.

**Settlement of the Alabama Claims.** WASHINGTON, April 15.—The following is the basis for the settlement of the Alabama claims agreed upon by the Joint High Commission: The responsibility of England for depredations of piratical cruisers fitted out in her waters is accepted, and it is agreed that such responsibility be hereafter accepted as the political maxim between the United States and Great Britain, both these powers also pledging themselves to make efforts for general international acceptance of the same view.

The claims at present under consideration are to be submitted for verification and auditing to a new commission of five, one named by the President, one by the Queen and one each respectively by the President of Switzerland, King of Italy, and Emperor of Brazil.

These commissioners are to be sworn like jurors, if they have formed no previous immovable opinion, and have no prejudices in the matter, but will decide altogether upon the evidence as they receive it. They will be cognizant of and adopt the maxim accepted by the present commission, however, relative to the responsibility, and will confine themselves altogether to hearing evidence, auditing the claims and signing checks which will be payable promptly on their endorsement for any sums our insurance companies, ship-owners and merchants generally are able, legitimately to pile up against England.

After this commission gets through another commission of three, one appointed by the Emperor of Russia and the other two by the President and Queen, will wind up the odds and ends.

The main point seems to be that the final payment of cash on these claims is to be delayed almost indefinitely.

## FOREIGN NEWS.

**VERSAILLES**, April 13.—p. m.—An offer has been made by two commanders of the National guards to betray to the Versailles two of the city gates for 550,000 francs a piece. Similar offers have also been made by some of the leading men in regard to the delivery of Forts Issy and Vanvres for a million francs each.—Thiers has declined this proposition. Yesterday, the delegates from the insurgents arrived.—Thiers refused to treat with the rebels in arms.

The reports of the defeat of the Government troops at Asnieres and Clamart are untrue. The forces there only retreated to draw the insurgents out.

An American gentleman just out of Paris informs me that 9000 insurgents are killed, wounded or missing. All the insurgents taken prisoners are sent to Brest. A party of them on the way murdered one of their guards and eight of them were shot for it the next day.—The army and the Assembly are disheartened because Thiers will not permit a Coup de main on Paris.

Solemn requiem masses were celebrated to-day for Generals Thomas and Lecomte. A vast and influential congregation assisted. There are now no troops at Versailles. They are all around Paris.

**PARIS**, April 13, Evening.—There has been firing all day from Valerien with heavy naval guns. The Versailles troops are concentrating at Choisy, Creteil, Nanterre and St. Germain up to the neutral Prussian line. To-day the bridges were crowded to see the artillery at Trocadero.

House No. 2, Rue Presbury, has been struck by twelve shells, and greatly damaged. Shells are continually falling in the city. Two million francs of house property has already been destroyed.

The fighting still continues, but the great attack is expected to-night. The view of the fight last night from Vanvres was magnificent. The heavens were one blaze of fire. The rifle firing was the loudest ever heard, and the crash of the mitrailleuses continual.

The Versailles troops were badly repulsed and the insurgents are proud of their victory. The bridge of Fort Maillot was severely damaged.

**BOLGONE**, April 14—Friday night.—A demonstration from Boulogne in favor of Paris and the Commune has been arranged for Sunday, when the National guards will parade.

## Hail Storm.

**JACKSON**, Miss., April 5.—A terrific hail storm passed over this vicinity last night. Hail fell for fifteen minutes. Many stones measuring six inches in circumference were found. Several at thousand window lights were broken. Sheet iron roofing perforated, gardens, fields crops and fruit seriously damaged, forest trees stripped of their foliage and hundreds of birds killed.
